11. You have successfully pulled up a ACSB.

If no information is retrieved:

- Make sure your Organization falls under the Org Level 1 that you have chosen.
- If you entered Org Level 2, make sure that it falls under the Org Level 1 as well.
- If no spending has occurred in the data as you requested it, the ACSB will be undefined. To validate that spending has occurred in a program code you can go into FFIS SASP table.
